## **ABOUT THE INTERNATIONAL CONFERENCE**

Agricultural and other technological sciences of the future face huge challenges in balancing and optimizing productivity and profitability against stewardship of earth ecosystems and natural resources. This conference will provide an ONLINE open forum for researchers, academicians, scholars, students, extension workers, entrepreneurs and industry personnel to discuss various aspects of advancements in agriculture technology and allied sciences under different thematic areas and share their latest research achievements. Our conference “**International Conference on Green Technology, Agriculture Information Technology, Business Management and Social Sciences**” will provide you with an opportunity to meet with international resource persons, researchers and colleagues working in the area of Agriculture, Allied Sciences, Engineering and Management.

## **ABOUT THE ORGANIZATIONS**

### **Research Education Solutions**

Research Education Solutions (RES) has been serving the Academia for last one and a half decade. RES is a micro enterprise registered with MSME, Government of India. We provide support and assistance for education in a wide variety of areas such as conferences, workshops, edited books, patent assistance and data analysis services. Our core team is competent in various sub-domains of Commerce, Economics, Management, Political Science, Social Science, Education, English Literature, Science and Technology, Pharmaceutical and many more.

### **Society for Ecological Sustainability**

The SES is a home for all agriculturists and environmental specialists. We support the breadth and diversity of ecological research and education. The Society for Ecological Sustainability, Bhawanipatna has established in the year of 2018, with the aim to provide excellent platform for interaction among scientists and farmers to disseminate the knowledge by organizing seminars/conferences and training program..

### **Centurion University of Technology and Management**

The journey of Centurion University of Technology and Management (CUTM) began in the year 2005 by a group of ambitious academics with aspirations to provide high quality education both nationally and globally. The first step in this direction was to take over an ailing engineering institute, the Jagannath Institute for Technology and Management (JITM) in one of the most challenging tribal districts of Odisha and one which was considered to be a left-wing extremist affected area. Subsequently, JITM was transformed into Centurion University of Technology and Management in August 2010, through an act of Odisha Legislative Assembly. It became the First Multi-Sector State Private University in Odisha. M.S. Swaminathan School of Agriculture (MSSSoA) is located in Gajapati district in South Odisha. The M.S. Swaminathan School of Agriculture, Centurion University of Technology and Management, Paralakhemundi, having NAAC Accreditation (Grade `A`) has state-of-the-art infrastructure and is committed to quality and excellence. Further, the institution nourishes its students to be highly competitive at the global level and thereby, make them proud citizens of the country. The institution imparts education in the field of Agricultural Science and Technology and is dedicated to uplift the livelihood of the farmers and agricultural workers.
